When Spitfire was quite still on the floor of the cage, Barnum loosed his hold, lifted up his great head and gave forth a howl that shook the roof. He was utterly impervious to the proddings of the sharp stick until after this howl and three others that followed it had echoed their way through the rafters. Then he retreated sullenly to the other end of the cage. A heavy partition was pushed into the cage, separating Barnum and his victim. DR. G. D. KAHLO TOASTMASTER

REPRESENTATIVE PROFESSIONAL MEN GIVE ADDRESSES.

Singing of Central College Songs Arouses Enthusiasm for School-List of the Guests.

An elaborate banquet was given last evening at the Columbia Club by the faculty of the Central College of Physicians and Pargeons to the members of the football team who on last Saturday won a notable victory over the team representing the Medical College of Indiana.

The banquet was served in the main dining room of the club, the tables being so arranged that the guests in every part of the room could see and hear the speakers perfectly. The room and table were beautifully decorated in the colors of the college: A big eagle was suspenled over the toastmaster's head, and draped from the two pillars was a large banner in college colors bearing the inscription, "Champions of 1903."

There were nearly 100 guests. Dr. George D. Kahlo, dean of the Central College, presided as toastmaster with grace and tact. His remarks leading up to the introduction of each speaker were witty and

The toasts were responded to by representatives of the professions-medical, ministry, law and journalism. The first toast, to which the response was made by the Rev. J. Cumming Smith, pastor of the Tabernacle Church and an enthusiastic golfer, was "College Athletics." He was very happy in his remarks, expressing his sympathy with all forms of college athletics, telling about the game as played when he was in college and relating a number of clever stories. THE TOASTS.

Dr. J. Rilus Eastman, member of the Central College faculty, was down on the programme to respond to the toast, "Our Victory," but being unavoidably kept away Dr. Albert E. Sterne, another member of the faculty, kindly consented to respond in The keynote of Dr. Sterne's remarks was

the large influence for good the winning of Saturday's football game would have, not only on the team, but on the entire institution. He made it a point to commend the members of the team for their sportsmanlike qualities and their fine aggressiveness. He remarked that if the college held to that style of fighting it could not help but be crowned with victory. In response to the toast "Our Victory," Mr. Ross A. Cooper, captain of the Central College football team, spoke in behalf of his fellow-players. He said that the team had been commended by the toastmaster and preceding speakers for its excellent display of teamwork and it was now up to the faculty of the college to continue to display the same spirit in its competition with other colleges. His well-chosen remarks were received with approbation.

After Mr. Cooper had concluded the toastmaster called upon Mr. Tug Wilson, coach Wabash College team, who had trained the Central team for its contest with the Indiana Medical boys. Mr. Wilson proved himself a shining example of the fact that large attention to athletics is not necessarily subversive of more impor-tant things. His toast was a very clever one. He commended the team very highly, saying that during the training the men had worked honestly and had kept their word like Persians.

SAMUEL D. MILLER'S RESPONSE. The next speaker was Samuel D. Miller, who responded to the toast, "The Doctor and the Lawyer." With characteristic force and wit Mr. Miller discussed the tier which unite, in a sense, the professions and fit. The line connects with the street rail- called attention humorously to some of the differences that exist, claiming, with the innate vanity of a lawyer, that a doctor's

path is strewn with roses and an advocate's The succeeding toast was "The University and the Medical College." Prof. Mason B. Thomas was on the programme to respond to this sentilment, but in his absence the toastmaster called on Prof. Robert E. Lyons, of Indiana University, who lectures on chemistry for the Central College. The necessity for laying a broad foundation for fessional study was clearly stated by Dr. Lyons, whose remarks were heard with absorption by the professional men present. The last speaker of the evening was Mr. Charles R. Williams, editor of the Indianapolis News, to whom had been as-Reeves, of this city, who was last night at the Doctor."
